Preface

Special Issue "in honor of Claude-Michel Brauner"

This special issue of the Journal of Mathematical Study is dedicated to Claude-Michel Brauner on the occasion of his 70th birthday and his retirement from Xiamen University.

Claude-Michel Brauner is Emeritus Professor at the university of Bordeaux (IMB) and was Professor at the School of Mathematical Sciences of Xiamen University for eight years. Furthermore, he is corresponding member of the SMAI (French SIAM) for China and has played a significant role in Sino-French cooperation in applied mathematics.

In June 9-12, 2017 the Sino-French Conference on Modeling, Mathematical Analysis and Computation was held in Xiamen University to celebrate his 70th birthday.

This volume gathers carefully selected contributions which reflect the large variety of the themes addressed during this event.
